Inclusion in Action

The Frazer Center, a nonprofit 501(c)3 organization, is an inclusive community in Atlanta, Georgia where individuals of all ability and disability gather, learn, and flourish together. Since our founding in 1949, we have helped thousands of children and adults with developmental disabilities such as cerebral palsy, spina bifida, Down syndrome, and autism spectrum disorders learn to become as independent as possible.

Our Child Development Program—accredited by the National Association of Independent Schools—prepares children of all abilities for kindergarten and develops life-long learners. Our Adult Program—accredited by the Council on Quality and Leadership (CQL)—offers educational, work training and recreational opportunities for adults with developmental disabilities. Frazer is fortunate to be located on a campus that includes 39 acres of old growth forests and the Cator Woolford Gardens. In addition to maintaining and renting the historic property for weddings, corporate functions, and other special events, we utilize our beautiful grounds to maintaining and renting the historic property for weddings, corporate functions, and other special events, we utilize our beautiful grounds to
